

CAPABILITY STATEMENT

Bird
ADVISORY

2023-02

CORE COMPETENCIES

Principal **Paul Bird** provides capital project consulting services to assist clients in shaping and sharpening their projects. Paul is available to:

- deliver clarity on objectives, alignment, strategies
- assess, develop and support organisation, and provide mentoring.
- perform stage-gate readiness, cold-eyes reviews, contracting reviews.
- establish and maintain governance services, provide ongoing counsel and oversight as appropriate.
- perform ad-hoc appraisals, check-ins
- temporarily fill client roles on projects as required

DIFFERENTIATORS

- Vast experience across all project functions, all types of contracting arrangements, remote locations and complex socio-economic-political environments.
- Curiosity, flexibility and adaptability - drive towards creative approaches to solve problems.
- Work with the organisation; reach out and integrate the players.
- A strong interest in team effectiveness, leadership and ownership.

EXPERIENCE

- **Paul** has 30+ years experience in capital-intensive resource industries and has held single-point accountability for the delivery of several large and complex oil & gas projects as well as leadership of portfolio project groups.
- **Paul** has led planning, engineering, procurement, construction and business analysis and support teams including system processes and cost & schedule control.
- **Paul** has advised and assessed project teams in Australia, the USA, Indonesia, Norway, PNG, and Russia.

PAUL'S STYLE

Paul operates with integrity, humility and clarity to deliver the best business outcomes. He is frank and forthright in his dealings. He respects the confidence of his clients.
